

TIMEOUT COLLECTION

GUELL — VINCENT VAN DUYSSEN 2022

1—
3

The sun sunbed, the archetype par excellence of outdoor furniture, interprets all the elements that characterise the aesthetics of the Timeout Collection, re-proposing the theme of the burnished painted aluminium band, running along the entire profile, and the traditional motif of the polypropylene rope weave. The backrest allows for different reclining positions. May be made entirely of solid teak slats or with an interwoven pattern. The wooden slats are the same width as those of the 6- or 8-seater table, supporting that refined interplay of dimensional recurrences that links the products of the same collection or between the two families of outdoor furniture. The sunbed is lightweight and can be easily moved thanks to the wheel fitted to the backrest. To ensure maximum safety, the wheel is positioned barely suspended, being activated only when the sunbed is raised. This is one of the many details that underlines the design precision of the Collection.

Removable cover

The product is sent in multiple packaged and/or flat packed

The product may be used outdoors but requires particular care in the event of rain (see price list maintenance and waterproof cover)

Product suitable for collective uses (Contract)
